## Visiting Quileute Safely- Businesses and Contractors

*Protocol for Businesses and Contractors who have been Approved to Access the Quileute Indian Reservation.*

The Quileute Tribal Council is committed to the health and safety of all within the Quileute Community during the COVID-19 pandemic. We are doing everything we can to prevent the loss of life. Your actions are critical to helping us in this effort.

**While conducting business on the Quileute Reservation you agree to abide by the safety protocols and procedures as outlined in the "Quileute Re-Opening Plan" which includes the following guidance:**

- Avoid all non-essential contact with others – Give yourself plenty of space from other people and maintain social distancing practices staying at least 6 feet away from others unless it is essential to your ability to conduct business/services (e.g. healthcare providers).
- Wear a face covering that covers the nose and mouth while in shared spaces— This includes when working inside any Tribal building, business, or home; when in any outdoor public space where physical distancing of 6 feet or more is not possible.
- Use proper hand hygiene— Regularly wash your hands with soap and water. Keep a bottle of hand sanitizer with you to use when soap and water are unavailable.
- Avoid touching your face, nose, eyes, and mouth.
- Cover coughs and sneezes.
- Disinfect objects and surfaces regularly.
- Comply with daily screening requirements.

### **Essential Business Only:**

Once approved, visitors are only allowed access to the reservation to conduct the business activities as outlined in their contract and scope of work for which they are hired. Access will not be allowed for recreational or social purposes.

**If you have any questions, please call our Incident Commander/ Chief of Police, Bill Lyon.**

Thank you for your cooperation in protecting the lives of our citizens,

**Quileute Emergency Management Team**
