3. Replacement of the utility systems on Docks C&D should be included in the price proposal for the replacement of Docks C&D

Contractor Questions

- A. **Is there Builders Risk Insurance applied on this project (Pacific Pile)?**
 - Builders Risk Insurance should not be factored into the project pricing
- B. **Is Davis Bacon Applicable (Quigg Bros) ? Davis Bacon does not apply to this project**
 - Davis Bacon Wager Rates **do not** apply to this project
- C. **Is there Buy American requirement? Buy America Preference does not apply to this project**
 - Buy America Preference **does not** apply to this project
- D. **What are the required number of ladders, life rings, fire extinguishers?**
 - Ladders – Existing ladders should be removed and stored, then reinstalled at same locations on new docks. New ladders should be installed on the missing docks in the similar locations as adjacent docks

- Fire Extinguishers/Life Rings – New fire extinguisher/cabinets and life ring holders with ring should be placed on each end, and at the center, of each dock (A, B, C, D), and at the end of the Ramp dock

E. What size cleats are preferred A&B Dock? C&D Dock?

- Cleats for A&B dock – 14 inches
- Cleats for C&D Dock – 10 inches

F. How far landward should the electric utilities be replaced?

- The A&B Dock and C&D Dock electrical system should be replaced back to, and including, appropriate CT Cabinet for each dock system
